Independent Auditor's Report

Union County Mayor and Board of County Commissioners Union County, Tennessee

To the County Mayor and Board of County Commissioners:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Union County, Tennessee, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the county's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Union County, Tennessee, as of June 30, 2025, and the respective changes in financial position thereof and the respective budgetary comparison for the General, Ambulance Service, and Highway/Public Works funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Internal School Fund, a special revenue fund of the discretely presented Union County School Department, which represent .98 percent, 1.11 percent, and 1.98 percent, respectively, of the assets, net position, and revenues of the discretely presented Union County School Department as of June 30, 2025. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Internal School Fund of the Union County School Department, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Union County, Tennessee, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Changes in Accounting Principle

As described in Note V. B., Union County has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 101, Compensated Absences and GASB Statement No. 102, Certain Risk Disclosures. GASB 101 updates the recognition and measurement guidance for compensated absences under a unified model and amends certain previously required disclosures. GASB 102 provides users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints.

Emphasis of Matter

We draw attention to Note I.D.10. to the financial statements, which describes restatements to the beginning Governmental Activities net position totaling (\$33,095) for the primary government and (\$122,827) for the discretely presented Union County School Department. These restatements were necessary because of the transitional requirements of GASB Statement No. 101, Compensated Absences. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Union County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of Union County's internal control. Accordingly, no such opinion
 is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant
 accounting estimates made by management, as well as evaluate the overall presentation of the
 financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Union County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted the management's discussion and analysis, that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the schedules of changes in the county's and school's net pension liability (asset) and related ratios, schedules of county and school contributions, schedules of school's proportionate share of the net pension liability (asset), and schedules of county and school changes in the total other postemployment benefits liability and related rations, as listed under Required Supplementary Information in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Union County's basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds, budgetary comparison schedules of the General Debt Service and General Capital Projects funds, combining and individual fund financial statements of the Union County School Department (a discretely presented component unit), and miscellaneous schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds, budgetary comparison schedules of the General Debt Service and General Capital Projects funds, combining and individual fund financial statements of the Union County School Department (a discretely presented component unit), and miscellaneous schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Requirements by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated August 26, 2025, on our consideration of Union County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Union County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Union County's internal control over financial reporting and compliance.

Very truly yours,

Jason E. Mumpower Comptroller of the Treasury

Nashville, Tennessee

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position June 30, 2025

Amounts reported for governmental activities in the statement of net position (Exhibit A) are different because:

Total fund balances - balance sheet - governmental funds (Exhibit C-1)	\$	25,516,888
(1) Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds. Add: land \$607,000 Add: construction in progress 7,904,700 Add: buildings and improvements net of accumulated depreciation 1,585,000 Add: infrastructure net of accumulated depreciation 3,247,300 Add: other capital assets net of accumulated depreciation 2,520,1	75 48 22	15,864,272
(2) Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds. Less: bonds payable \$ (10,765,6. Less: deferred amount on refunding (16,7. Less: unamortized portion of debt premiums (392,5. Less: compensated absences (230,2. Less: OPEB liability (53,7. Less: net pension liability - agent plan (Union County Plan) (639,2. Less: accrued interest on bonds (44,6.)	02) 98) 39) 49)	(12,142,762)
(3) Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions and OPEB will be amortized and recognized as components of pension and OPEB expense in future years. Add: deferred outflows of resources related to pensions Less: deferred inflows of resources related to pensions Add: deferred outflows of resources related to OPEB Less: deferred inflows of resources related to OPEB (45,9)	29) 98	1,774,798
(4) Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the governmental funds.		775,912
(5) Net pension assets are not current financial resources and therefore are not reported in the governmental funds. Add: net pension asset - teacher agent plan (Primary Government portion held within the Union County Schools Plan)		641
Net position of governmental activities (Exhibit A)	\$	31,789,749

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2025

Amounts reported for governmental activities in the statement of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit C-3)	\$ 6,782,290
(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows: Add: capital assets purchased in the current period Less: current-year depreciation expense (753,336)	7,909,346
(2) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Add: deferred delinquent property taxes and other deferred June 30, 2025 \$ 775,912 Less: deferred delinquent property taxes and other deferred June 30, 2024 (528,332)	247,580
(3) The issuance of long-term debt (e.g., bonds, notes, other loans) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the effect of these differences in the treatment of long-term debt and related items. Add: principal payments on bonds Add: change in deferred amount on refunding Less: bond proceeds (9,000,000) Less: change in premium on debt issuances (392,598)	(8,684,645)
(4) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds. Change in accrued interest payable Change in compensated absences payable Change in net OPEB liability Change in net pension liability/asset Change in deferred outflows related to OPEB Change in deferred inflows related to OPEB Change in deferred outflows related to pensions Change in deferred outflows related to pensions Change in deferred inflows related to pensions (290,589) Change in deferred inflows related to pensions	(417,482)
Change in net position of governmental activities (Exhibit B)	\$ 5,837,089

UNION COUNTY, TENNESSEE NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended June 30, 2025

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Union County's financial statements are presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments.

The following are the more significant accounting policies of Union County:

A. Reporting Entity

Union County is a public municipal corporation governed by an elected 16-member board. As required by GAAP, these financial statements present Union County (the primary government) and its component units. The financial statements of the Union County Emergency Communications District and the Union County Solid Waste Authority, component units requiring discrete presentation, were excluded from this report due to materiality calculations; therefore, the effect of this omission did not affect the independent auditor's opinion thereon. The component units discussed below are included in the county's reporting entity because of the significance of their operational or financial relationships with the county.

Discretely Presented Component Units – The following entities meet the criteria for discretely presented component units of the county. They are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the county.

The Union County School Department operates the public school system in the county, and the voters of Union County elect its board. The school department is fiscally dependent on the county because it may not issue debt, and its budget and property tax levy are subject to the county commission's approval. The school department's taxes are levied under the taxing authority of the county and are included as part of the county's total tax levy.

The Union County Emergency Communications District provides a simplified means of securing emergency services through a uniform emergency number for the residents of Union County, and the county commission appoints its governing body. The district is funded primarily through a service charge levied on telephone services. Before the issuance of most debt instruments, the district must obtain the county commission's approval. The financial statements of the Union County Emergency Communications District were not material to the component units' opinion unit and therefore have been omitted from this report.

The Union County Solid Waste Authority oversees the area's solid waste disposal operations, including services provided through a private contractor. The county commission appoints a majority of members of the authority's governing body and must approve any debt issued by the authority. The financial statements of the Union County Solid Waste Authority were not material to the component units' opinion unit and therefore have been omitted from this report.

The Union County School Department does not issue separate financial statements from those of the county. Therefore, basic financial statements of the school department are included in this report as listed in the table of contents. Complete financial statements of the Union County Emergency Communications District and the Union County Solid Waste Authority can be obtained from their administrative offices at the following addresses:

Administrative Offices:

Union County Emergency Communications District 130 Veterans Street Suite A Maynardville, TN 37807

Union County Solid Waste Authority 289 Wolfe Road Luttrell, TN 37779

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. However, when applicable, interfund services provided and used between functions are not eliminated in the process of consolidation in the Statement of Activities. Governmental activities are normally supported by taxes and intergovernmental revenues. Business-type activities, which rely to a significant extent on fees and charges, are required to be reported separately from governmental activities in government-wide financial statements. However, the primary government of Union County does not have any business-type activities to report. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The Union County School Department component unit only reports governmental activities in the government-wide financial statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Union County issues all debt for the discretely presented Union County School Department. No debt issues were contributed by the county to the school department during the year ended June 30, 2025.

Separate financial statements are provided for governmental funds and fiduciary funds. The fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund financial statements of Union County are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, deferred outflow of resources, liabilities, deferred inflow of resources, fund balance/fund net position, revenues, and expenditures. Funds are organized into three

major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental category. Union County has no proprietary funds to report.

Separate financial statements are provided for governmental funds and fiduciary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. All other governmental funds are aggregated into a single column on the fund financial statements. Fiduciary funds in total are reported in a single column.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the county considers revenues other than grants to be available if they are collected within 30 days after year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and the revenues are available. Union County considers grants and similar revenues to be available if they are collected within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Principal and interest on long-term debt are recognized as fund liabilities when due or when amounts have been accumulated in the General Debt Service Fund for payments to be made early in the following year.

Property taxes for the period levied, in-lieu-of tax payments, sales taxes, interest, and miscellaneous taxes are all considered to be susceptible to accrual and have been recognized as revenues of the current period. Applicable wheel taxes, business taxes, litigation taxes, state-shared excise taxes, fines, forfeitures, and penalties are not susceptible to accrual since they are not measurable (reasonably estimable). All other revenue items are considered to be measurable and available only when the county receives cash.

Fiduciary funds financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category includes custodial funds.

Union County reports the following major governmental funds:

General Fund – This is the county's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Ambulance Service Fund – This special revenue fund is used to account for transactions related to the ambulance service provided by the county. Patient charges are the foundational revenues of this fund.

Highway/Public Works Fund – This special revenue fund accounts for transactions of the county's highway department. Local and state gasoline/fuel taxes are the foundational revenues of this fund.

General Debt Service Fund – This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

General Capital Projects Fund – This fund is used to account for general capital expenditures of the county.

Other Capital Projects Fund – This fund accounts for school construction, renovation, and other capital projects subsequently contributed to the discretely presented Union County School Department.

Additionally, Union County reports the following fund type:

Custodial Funds – These funds account for amounts collected in a custodial capacity by the constitutional officers and local sales taxes received by the state to be forwarded to the various cities in Union County.

The discretely presented Union County School Department reports the following major governmental funds:

General Purpose School Fund – This fund is the primary operating fund for the school department. It is used to account for general operations of the school department.

Other Education Special Revenue Fund – This fund accounts for state revenues, which are committed for use in the virtual education program.

Education Capital Projects Fund – The fund is used to account for funding for building construction and renovations of the school department.

The school department reports a nonmajor special revenue fund (Internal School Fund) which is used to account for funds held at the individual schools for internal school use such as the purchase of supplies, school clubs, and student activities. Collections from students and school activities are the foundational revenues of this fund. The current year (FY 25) report was not available from the auditor of the Internal School Fund in time for inclusion in this report. Therefore, the prior year balances (FY 24) are presented in this report. We do not believe using the prior year balances will affect the independent auditor's opinion on the Aggregate Discretely Presented Component Units. A more detailed reporting of the fund activities at each individual school may be found on the Tennessee Comptroller of the Treasury's website.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Deposits and Investments

State statutes authorize the government to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposit accounts at state and federal chartered banks and savings and loan associations; repurchase agreements; the State Treasurer's Investment Pool; the State Treasurer's Intermediate Term Investment Fund; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes.

The county trustee maintains a cash and internal investment pool that is used by all funds and the discretely presented Union County School Department. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Most income from these pooled investments is assigned to the General Debt Service Fund. Union County and the school department have adopted a policy of reporting

U.S. Treasury obligations, U.S. agency obligations, and repurchase agreements with maturities of one year or less when purchased on the balance sheet at amortized cost. Certificates of deposit are reported at cost.

Investments in the State Treasurer's Investment Pool are reported at amortized cost using a stable net asset value. The primary oversight responsibility for the investments and operations of the State Treasurer's Investment Pool rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. These policies were designed to comply with generally accepted accounting principles. In addition, state statutes require the state treasurer to administer the pool under the same terms and conditions, including collateral requirements, as prescribed for other funds invested by the state treasurer. Compliance with Funding Board policies is audited by the Tennessee Comptroller of the Treasury, Division of State Audit. The latest audit opinion issued by the Division of State Audit concluded that the State Treasurer's Investment Pool complied with accounting principles generally accepted in the United States of America.

Investments in the State Treasurer's Intermediate Term Investment Fund are reported at amortized cost using a floating net asset value. The primary oversight responsibility for the investments and operations of the State Treasurer's Intermediate Term Investment Fund rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. These policies were designed to comply with generally accepted accounting principles. In addition, state statutes require the state treasurer to administer the pool under the same terms and conditions as prescribed for other funds invested by the state treasurer. Compliance with Funding Board policies is audited by the Tennessee Comptroller of the Treasury, Division of State Audit. The latest audit opinion issued by the Division of State Audit concluded that the State Treasurer's Intermediate Term Investment Fund complied with accounting principles generally accepted in the United States of America. Union County had no investments in the State Treasurer's Intermediate Term Investment Fund during the year.

All other investments are reported at fair value. Other than the pension stabilization trust discussed in Note IV.A., no investments required to be reported at fair value were held at the balance sheet date.

2. Receivables and Payables

Activity between funds for unremitted current collections outstanding at the end of the fiscal year is referred to as due to/due from other funds.

All ambulance and property taxes receivables are shown with an allowance for uncollectibles. Ambulance receivables allowance for uncollectibles are comprised of estimated amounts for write-offs involving Medicare and Medicaid and estimated amounts of other collections based on the history of the source of receipt (i.e., insurance companies and private citizens). The allowance for uncollectible property taxes is equal to 1.19 percent of total taxes levied.

Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. This date is January 1 and is referred to as the lien date. However, revenues from property taxes are recognized in the period for which the taxes are levied, which is the ensuing fiscal year. Since the receivable is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated allowance for uncollectible taxes, is reported as a deferred inflow of resources as of June 30.

Property taxes receivable are also reported as of June 30 for the taxes that are levied, collected, and reported as revenue during the current fiscal year. These property taxes receivable are

presented on the balance sheet as a deferred inflow of resources to reflect amounts not available as of June 30. Property taxes collected within 30 days of year-end are considered available and accrued. The allowance for uncollectible taxes represents the estimated amount of the receivable that will be filed in court for collection. Delinquent taxes filed in court for collection are not included in taxes receivable since they are neither measurable nor available.

Property taxes are levied as of the first Monday in October. Taxes become delinquent and begin accumulating interest and penalty the following March 1. Suit must be filed in Chancery Court between the following February 1 to April 1 for any remaining unpaid taxes. Additional costs attach to delinquent taxes after a court suit has been filed.

Most payables are disaggregated on the face of the financial statements.

Retainage payable in the primary government's Other Capital Projects Fund represents amounts withheld from payments made on construction contracts pending completion of the projects. These amounts are held by the county trustee as Equity in Pooled Cash and Investments in the Other Capital Projects Fund.

3. Restricted Assets

Restricted assets consist of amounts held in a pension stabilization trust by the Tennessee Consolidated Retirement System (TCRS) for the benefit of the discretely presented Union County School Department's Teacher Retirement Plan. The purpose of this trust is to accumulate funds to provide stabilization (smoothing) of retirement costs to the school system in times of fluctuating investment returns and market downturns. These funds are held and invested by TCRS pursuant to an irrevocable agreement and may only be used for the benefit of the Union County School Department to fund retirement benefits upon approval of the TCRS Board of Directors. To date, the Union County School Department has not withdrawn any funds from the trust to pay pension cost. Trust documents provide that the funds are not subject to the claims of general creditors of the school department.

4. Capital Assets

Governmental funds do not capitalize the cost of capital outlays; these funds report capital outlays as expenditures upon acquisition.

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of \$10,000; and infrastructure with an initial cost of \$25,000 or more and an estimated useful life of more than three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, equipment, and infrastructure of the primary government and the discretely presented school department are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Building and Improvements	5 - 50
Other Capital Assets	3 - 50
Infrastructure	10 - 50

5. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position. These items are pension and OPEB changes in experience, assumptions, and proportion, and pension and OPEB contributions after the measurement date.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position and the governmental funds Balance Sheet. These items are from the following sources: current and delinquent property taxes, pension and OPEB changes in experience and proportion, pension changes in investment earnings, OPEB changes in assumptions, deferred credit on refunding, and various receivables for revenues, which do not meet the availability criteria in governmental funds. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

6. Compensated Absences

It is the county and school department's policy to permit employees to accumulate earned but unused vacation, compensatory time, and sick pay benefits. All vacation and compensatory time is accrued when incurred in the government-wide financial statements for the county and its discretely presented component units. Only a portion of the unpaid accumulated sick leave is accrued. The criteria for accrual includes a "more likely than not," to be used or paid. Since the county and school department do not have a policy to pay any amounts when employees separate from service with the government, only the portion of sick leave "more likely than not" expected to be used is accrued in the government-wide financial statements. Sick leave expected to be credited to TCRS service is not accrued. A liability for vacation pay or sick leave is reported in governmental funds only if amounts have matured, for example, as a result of employee resignations and retirements, and payable under the county and school department policies.

7. Long-term Debt and Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Debt premiums and discounts are deferred and amortized over the life of the new debt using the straight-line method. Debt issuance costs are expensed in the period incurred. In refunding transactions, the difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow of resources and recognized as a component of interest expense in a systematic and rational manner over the remaining life of the refunded debt or the life of the new debt issued, whichever is shorter.

In the fund financial statements, governmental fund types recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Only the matured portion (the portion that has come due for payment) of long-term indebtedness, including bonds payable, is recognized as a liability and expenditure in the governmental fund financial statements. Liabilities and expenditures for other long-term obligations, including compensated absences, net pension liability, and other postemployment benefits, are recognized to the extent that the liabilities have matured (come due for payment) each period.

8. Net Position and Fund Balance

In the government-wide financial statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position All other net position that does not meet the definition of restricted or net investment in capital assets.

The government-wide Statement of Net Position reports \$7,462,202 of restricted net position, of which \$513,909 is restricted by enabling legislation.

As of June 30, 2025, Union County had \$10,765,636 in outstanding debt for capital purposes for the discretely presented Union County School Department. The debt is a liability of Union County, but the capital assets acquired are reported in the financial statements of the school department. Therefore, Union County has incurred a liability, significantly decreasing its unrestricted net position with no corresponding increase in the county's capital assets.

It is the county's policy that restricted amounts would be reduced first followed by unrestricted amounts when expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available. Also, it is the county's policy that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of these unrestricted fund balance classifications could be used.

In the fund financial statements, governmental funds report fund balance in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in these funds can be spent.

These classifications may consist of the following:

Nonspendable Fund Balance – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – includes amounts that have constraints placed on the use of the resources that are either (a) externally imposed by creditors, grantors, contributors or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal resolutions of the county commission, the county's highest level of decision-making authority and the Board of Education, the school department's highest level of decision-making authority, and shall remain binding unless removed in the same manner. Committed for Other Purposes in the Other General Government Fund represents funds received and committed for revenue loss under the American Rescue Plan Act. Committed for Capital Projects in the General Purpose School Fund represents amounts appropriated for use in the 2025-2026 fiscal year budget (\$3,500,000).

Assigned Fund Balance – includes amounts that are constrained by the county's intent to be used for specific purposes but are neither restricted nor committed (excluding stabilization arrangements). The county commission makes assignments for the general government. The Board of Education makes assignments for the school department. Assigned fund balance in the General Fund primarily represents amounts assigned for encumbrances (\$9,582). Assigned fund balance in the school department's General Purpose School Fund represents amounts assigned for encumbrances (\$27,223).

Unassigned Fund Balance – the residual classification of the General and General Purpose School funds. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General and General Purpose School funds. In the other governmental funds, funds expended that exceed the amounts that are restricted, committed, and assigned are reported as negative unassigned fund balance.

9. Fund Balance Policy

To provide management with appropriate guidelines and direction to assist in making sound decisions related to managing the fund balance of certain governmental funds the county approved the following minimum/maximum fund balance policy:

General Fund – 35 to 45 percent of proposed current-year appropriations.

Highway/Public Works Fund – 7 to 15 percent of proposed current-year appropriations

General Purpose School Fund – 8 to 16 percent of proposed current-year appropriations.

Debt Service Fund – 50 to 100 percent of proposed current-year appropriations.

The policy establishes guidelines for steps to be taken by the budget committee and county commission when fund balance in the above funds is not optimal. If the fund balance is lower than the stated policy, the budget committee should consider increasing revenue or reducing appropriations to adjust the fund balance into an acceptable range. If the low fund balance is in the debt service fund, the county will consider whether the fund anticipates future increases or decreases in annual appropriations before adjustments to revenues are made. If the fund

balance in the General, Highway/Public Works, or General Purpose School funds is greater than the stated optimal fund balance policy, then the funds over the optimal fund balance amount should be used for capital expenses and possibly transferred to the respective capital project fund for capital improvements.

10. Restatements

With the implementation of GASB Statement 101, Compensated Absences, Union County must recognize a restatement to the beginning net position in the Government-wide financial statements for the Primary Government and the discretely presented Union County School Department to record compensated absences liabilities. A restatement of (\$33,095) has been presented to reflect the beginning balance of the Primary Government and (\$122,827) for the discretely presented Union County School Department. The following table reflects the restatement amounts necessary to implement this standard:

		Government Wide -				
		Governmental Activities				
		Discretely Present				
		Primary	Union County			
	_	Government School Departm				
Net Position, as previously reported	\$	25,985,755 \$	56,252,877			
Adjustments for GASB 101 Implementation:						
Compensated Absences Liability	\$	(33,095) \$	(122,827)			
Net Change in Beginning Net Position	\$	(33,095) \$	(122,827)			
Net Position, June 30, 2024 Restated	\$	25,952,660 \$	56,130,050			

11. Change To or Within the Financial Reporting Entity

Changes in Major Fund Classification (Column A)

Fund classifications are evaluated annually in accordance with the criteria established in GASB Statement No. 34. During fiscal year 2025, the following funds experienced changes in major fund status:

The Other General Government Fund no longer met the quantitative thresholds and is presented as a nonmajor governmental fund. Prior-year amounts have been restated to reflect the fund within the Nonmajor Governmental Funds column.

In the discretely presented Union County School Department, the School Federal Projects Fund no longer met the quantitative thresholds and is presented as a nonmajor governmental fund. Prior-year amounts have been restated to reflect the fund within the Nonmajor Governmental Funds column.

These presentation changes are reported retrospectively in accordance with GASB Statement No. 100 and do not affect the previously reported total governmental fund balances or changes in fund balances.

E. Pension Plans

Primary Government

For purposes of measuring the net pension liability/asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Union County's participation in the Public Employee Pension Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from Union County's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Pension Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Pension Plan of TCRS. Investments are reported at fair value.

Discretely Presented Union County School Department

For purposes of measuring the net pension liability/asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Retirement Plan and the Teacher Legacy Pension Plan in the Tennessee Consolidated Retirement System, and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Retirement Plan and the Teacher Legacy Pension Plan. Investments are reported at fair value.

F. Other Postemployment Benefit (OPEB) Plans

Primary Government

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by Union County. For this purpose, Union County recognizes benefit payments when due

and payable in accordance with benefit terms. Union County's OPEB plan is not administered through a trust.

Discretely Presented Union County School Department

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by the discretely presented Union County School Department. For this purpose, the school department recognizes benefit payments when due and payable in accordance with benefit terms. The school department's OPEB plan is not administered through a trust.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund Balance Sheet and the government-wide Statement of Net Position

Primary Government

Exhibit C-2 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

Discretely Presented Union County School Department

Exhibit I-3 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

B. Explanation of certain differences between the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the government-wide Statement of Activities

Primary Government

Exhibit C-4 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

Discretely Presented Union County School Department

Exhibit I-5 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for all governmental funds except the Constitutional Officers - Fees Fund and the school department's Internal School Fund (special revenue funds), which are not budgeted, as well as the Other Capital Projects Fund and the Community Development/Industrial Park Fund which adopt project length budgets. All annual appropriations lapse at fiscal year-end.

The county is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures

and encumbrances may not legally exceed appropriations authorized by the county commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the County Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: County Commission, Board of Equalization, County Mayor, County Attorney, etc.). Management may make revisions within major categories, but only the county commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The county's budgetary basis of accounting is consistent with GAAP, except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and GAAP basis, if any, is presented on the face of each budgetary schedule.

On June 30, 2025, Union County and the discretely presented Union County School Department reported the following significant encumbrances:

Funds	Amount
	_
Primary Government:	
Major Funds:	
General	\$ 9,582
General Capital Projects	3,875,394
School Department:	
Major Funds:	
General Purpose School	27,223
Education Capital Projects	1,213,326

B. Budgetary Basis Fund Deficit

The General Capital Projects Fund reported a budgetary basis deficit of (\$221,882) on June 30, 2025. This resulted from the recognition of budgeted expenditures for outstanding encumbrances in the amount of \$3,875,394. These encumbrances were recorded to reflect outstanding commitments which will be funded by federal grants and bond proceeds in the subsequent fiscal year.

IV. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Union County and the Union County School Department participate in an internal cash and investment pool through the Office of Trustee. The county trustee is the treasurer of the county and in this capacity is responsible for receiving, disbursing, and investing most county funds. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Cash reflected on the balance sheets or statements of net position represents nonpooled amounts held separately by individual funds.

Deposits

Legal Provisions. All deposits with financial institutions must be secured by one of three methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. Participating banks determine the aggregate balance of their public fund accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must equal at least 90 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund

accounts are pledged to the state treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose fair value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the county.

In addition, counties may invest in FDIC insured certificates of deposit. The deposit is first made in a bank or savings and loan association, selected by the government entity, with a branch in the state of Tennessee that is authorized to accept county deposits (the depository bank). The depository bank then arranges for the transfer of the moneys into one or more federally insured banks or savings and loan associations, wherever located (secondary depositories), for the account of the county. In turn, the depository bank receives funds from customers of the secondary depositories equal to or greater than the amount initially invested by the county. The balance of county funds with each secondary depository must not exceed FDIC insurance limits so that all funds are fully insured. Under this program, the trustee must provide the depository bank with a listing of all banks and savings and loan associations holding county funds under the same federal employer identification number (FEIN). To prevent deposits from exceeding FDIC coverage, the depository bank is prohibited from using any of those listed banks or savings and loan associations as secondary depositories. The use of this program must be approved by the county investment committee or finance committee as appropriate for the specific county. Further, the investment committee or finance committee must establish policies and procedures for the investments, including the establishment of controls to ensure that full FDIC insurance coverage is obtained. Service providers used by depositories must be approved by the state treasurer upon concurrence by the commissioner of financial institutions and finance and administration. There are currently only two eligible programs that have been approved by the state treasurer: the Certificate of Deposit Account Registry Service (CDARS) and the Insured Cash Sweep (ICS), which operate through IntraFi Network, LLC.

Investments

Legal Provisions. Counties are authorized to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposits at state and federal chartered banks and savings and loan associations; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes. These investments may not have a maturity greater than two years. The county may make investments with longer maturities if various restrictions set out in state law are followed. Counties are also authorized to make investments in the State Treasurer's Investment Pool, the State Treasurer's Intermediate Term Investment Fund, and in repurchase agreements. The primary oversight responsibility for the investments and operations of the State Treasurer's Investment Pool rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. Investments in the State Treasurer's Investment Pool are reported both by the pool and the county at amortized cost using a stable net asset value. The primary oversight responsibility for the investments and operations of the Intermediate Term Investment Fund rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. Investments in the Intermediate Term Investment Fund are reported both by the pool and the county at amortized cost using a floating net asset value. Repurchase agreements must be approved by the state Comptroller's Office and executed in accordance with procedures established by the State Funding Board. Securities purchased under a repurchase agreement must be obligations of the U.S. government or obligations guaranteed by the U.S. government or any of its agencies. When repurchase

agreements are executed, the purchase of the securities must be priced at least two percent below the fair value of the securities on the day of purchase.

The county had no pooled and nonpooled investments as of June 30, 2025, other than the TCRS Stabilization Reserve Trust discussed below.

TCRS Stabilization Trust

Legal Provisions. The Union County School Department is a member of the Tennessee Consolidated Retirement System (TCRS) Stabilization Reserve Trust. The school department has placed funds into the irrevocable trust as authorized by statute under *Tennessee Code Annotated* (*TCA*), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the trust. Funds of trust members are held and invested in the name of the trust for the benefit of each member. Each member's funds are restricted for the payment of retirement benefits of that member's employees. Trust funds are not subject to the claims of general creditors of the school department.

The trust is authorized to make investments as directed by the TCRS Board of Trustees. The Union County School Department may not impose any restrictions on investments placed by the trust on their behalf. It is the intent of the plan trustees to allocate these funds in the future to offset pension costs.

On June 30, 2025, the Union County School Department had the following investments held by the trust on its behalf. These funds are recognized as restricted assets in the General Purpose School Fund of the school department.

	Weighted		
	Average		
	Maturity		Fair
Investment	(days)	Maturities	Value
Investments at Fair Value:			
U.S. Equity	N/A	N/A	\$ 149,615

Depreciation expense was charged to functions of the discretely presented Union County School Department as follows:

Governmental Activities:

Instruction	\$ 45,487
Support Services	1,224,560
Operation of Non-instructional Services	18,978
Total Depreciation Expense -	
Governmental Activities	\$ 1,289,025

C. Construction Commitments

On June 30, 2025, the county's General Capital Projects Fund had uncompleted construction contracts of approximately \$3,867,952 for the construction of a waterline and a new jail. Funding for these future expenditures is expected to be received from a federal grant (\$2,233,170) and future general obligation bond proceeds (\$1,634,782).

The county's Other Capital Projects Fund had uncompleted construction projects of approximately \$24,156,071 for the construction of a middle school. Funding for these future expenditures is expected to be received from future general obligation bond proceeds.

D. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of June 30, 2025, was as follows:

Due to/from Other Funds:

Receivable Fund	Payable Fund	Amount
Primary Government: General Nonmajor governmental Nonmajor governmental General Capital Projects		\$ 25,774 20,000
Discretely Presented School Department:		
General Purpose School	Nonmajor governmental	105
Nonmajor governmental	General Purpose School	217

These balances resulted from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur and payments between funds are made.

Due to/from Primary Government and Component Unit:

Receivable Fund Payable Fund		At	nount
Component Unit:			
School Department:	Primary Government:		
General Purpose School	General	\$	87,447

The receivable from the General Fund represents Local Options Sales Tax amounts recorded in error and due to the General Purpose School Fund.

Interfund Transfers:

Interfund transfers for the year ended June 30, 2025, consisted of the following amounts:

Primary Government

		1 ransfers In		
	-	General		
		Capital	Nonmajor	
		Projects	Governmental	
Transfers Out		Fund	Funds	
General Fund	\$	50,000 \$	0	
"		0	454,187	
Total	\$	50,000 \$	454,187	

Tuendone In

Transfers to the General Capital Projects Fund from the General Fund represent the contribution of hotel/motel funds designated for capital projects. Transfers to the Nonmajor Governmental Funds

from the General Fund represent opioid funding amounts received and contributed to create a new opioid fund.

Discretely Presented Union County School Department

		Transfers In		
	_	General		
		Purpose	Nonmajor	
		School	Governmental	
Transfers Out		Fund	Funds	
Other Education Special Revenue Fund	\$	2,039,204 \$	0	
General Purpose School Fund		0	500,000	
Total	\$	2,039,204 \$	500,000	

Transfers to the General Purpose School Fund from the Other Education Special Revenue Fund represent a contractually required contribution of eight percent of virtual academy revenues. Transfers to the School Federal Projects Fund from the General Purpose School Fund represent amounts allocated for cash flow.

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the General and General Purpose School funds to finance various programs accounted for in other funds in accordance with budgetary authorizations.

E. Long-term Debt

Primary Government

General Obligation Bonds - Union County issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities for the primary government and the discretely presented school department. In addition, general obligation bonds have been issued to refund other general obligation bonds. General obligation bonds are direct obligations and pledge the full faith, credit, and taxing authority of the government. General obligation bonds outstanding were issued for original terms of up to 20 years. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. All bonds included in long-term debt as of June 30, 2025, will be retired from the General Debt Service Fund.

General obligation bonds outstanding as of June 30, 2025, for governmental activities are as follows:

			Original		
	Interest	Final	Amount	Balance	
Туре	Rate	Maturity	of Issue	6-30-25	
Qualified School Construction					
Bonds	1.515 %	9-1-26 \$	7,160,000 \$	495,636	
Refunding Bonds Series 2021	1.25	4-1-30	2,290,000	1,270,000	
General Obligation School Bond					
Series 2024	4 to 5	6-1-44	9,000,000	9,000,000	

In prior years, Qualified School Construction Bonds were issued through the Tennessee State School Bond Authority and the proceeds loaned to Union County and various other local governments across Tennessee. The county pays interest of 1.515 percent on its share of the bonds and also pays a monthly administrative fee to the Tennessee School Bond Authority. The administrative fee totals \$597 per

month. The county and the other borrowers of the bond proceeds are required to comply with federal regulations established for the Qualified School Construction Bond program. Failure to comply with those requirements may result in the loss of the tax credit status on the bonds. This would result in further charges to the borrowers including the requirement to pay the tax-credit rate (5.86 percent) in addition to the 1.515 percent for a total rate of 7.375 percent.

The annual requirements to amortize all bonds outstanding as of June 30, 2025, including interest payments, are presented in the following table:

Year Ending	Bonds						
June 30		Principal		Interest	Total		
2026	\$	849,636	\$	503,749	\$	1,353,385	
2027		589,000		387,100		976,100	
2028		604,000		367,175		971,175	
2029		619,000		346,500		965,500	
2030		639,000		325,075		964,075	
2031-2035		2,210,000		1,327,650		3,537,650	
2036-2040		2,685,000		844,800		3,529,800	
2041-2044		2,570,000		262,000		2,832,000	
Total	\$	10,765,636	\$	4,364,049	\$	15,129,685	

There is \$9,497,429 available in the General Debt Service Fund to service long-term debt. Bonded debt per capital totaled \$544, based on the 2020 federal census. Total debt per capita, including bonds and unamortized debt premiums, totaled \$563, based on the 2020 federal census.

During the year, the discretely presented Union County School Department contributed \$274,063 to the primary government's General Debt Service Fund to be applied toward the retirement of school related debt.

Changes in Long-term Debt

Long-term debt activity for the year ended June 30, 2025, was as follows:

Governmental Activities:

	Bonds		
Balance, July 1, 2024 Additions Reductions	\$	2,467,409 9,000,000 (701,773)	
Balance, June 30, 2025	\$	10,765,636

Compensated absences and other postemployment benefits will be paid from the employing funds, primarily the General Purpose School and School Federal Projects funds.

G. Pledge of Future Revenues

Wheel Tax Approved by the County Commission

The county commission approved a wheel tax for vehicle title registrations and renewals effective January 1, 2010. Collections from that tax have been pledged to pay the debt service requirements of the \$7,160,000 Qualified School Construction Bonds, and another prior year bond issue, both of which related to school additions and renovations. The bonds are also guaranteed by the general obligation pledge of the county in the event the wheel tax revenue is insufficient to meet the debt service requirements on the bonds. The county commission's resolution notes that the wheel tax levy and collections will stop once adequate funding is provided to retire the bonds. As of June 30, 2025, future requirements for principal, interest, and administrative fees on the bonds total \$611,270. This amount is to be paid in monthly installments through September 1, 2026. Investment earnings credited to the county's account by the State School Bond Authority during the year amounted to \$57,335. These earnings reduced the amount of required payments due from the county. Wheel tax collections totaled \$573,874 for the year ended June 30, 2025, and principal, interest, and administrative fees paid on the debt totaled \$505,072 for the year. Since January 2010, cumulative debt service requirements on the bonds have exceeded wheel tax revenues and investment earnings by \$1,463,945.

In addition to the wheel tax detailed above, the Union County Commission, on July 24, 2023, approved a wheel tax increase and authorized to issue \$26,250,000 in General Obligation bonds for the construction of a new middle school. The wheel tax increase is pledged towards retirement of the debt collections from that tax have been pledged to pay the debt service requirements of the \$9,000,000 General Obligation School Bonds Series 2024, which relates to the construction of Horace Maynard Middle School. The bonds are also guaranteed by the general obligation pledge of the county in the event the wheel tax revenue is insufficient to meet the debt service requirements on the bonds. The

county commission's resolution notes that the wheel tax levy and collections will stop once adequate funding is provided to retire the bonds. As of June 30, 2025, future requirements for principal, interest, and administrative fees on the bonds total \$13,207,950. This amount is to be paid in semi-annual installments through June 1, 2044. Wheel tax collections totaled \$400,189 for the year ended June 30, 2025, and principal and interest paid on the debt totaled \$171,784 for the year. Since July 2023, wheel tax revenues exceeded cumulative debt service requirements on the bonds by \$407,911.

H. On-Behalf Payments

Discretely Presented Union County School Department

The State of Tennessee pays health insurance premiums for retired teachers on-behalf of the Union County School Department. These payments are made by the state to the Local Education Group Insurance Plan and the Medicare Supplement Plan. Both of these plans are administered by the State of Tennessee and reported in the state's Annual Comprehensive Financial Report. Payments by the state to the Local Education Group Insurance Plan and the Medicare Supplement Plan for the year ended June 30, 2025, were \$71,404 and \$17,923, respectively. The school department has recognized these on-behalf payments as revenues and expenditures in the General Purpose School Fund.

V. OTHER INFORMATION

A. Risk Management

Union County and Union County School Department participate in the Tennessee Risk Management Trust (TN-RMT), which is a public entity risk pool created under the auspices of the Tennessee Governmental Tort Liability Act to provide governmental insurance coverage. The county and school department pay an annual premium to the TN-RMT for general liability, property, casualty, and workers' compensation insurance coverage. The creation of the TN-RMT provides for it to be self-sustaining through member premiums.

Employee Health Insurance

The discretely presented Union County School Department participates in the Local Education Group Insurance Fund (LEGIF), a public entity risk pool established to provide a program of health insurance coverage for employees of local education agencies. In accordance with Section 8-27-301, *Tennessee Code Annotated (TCA)*, all local education agencies are eligible to participate. The LEGIF is included in the Annual Comprehensive Financial Report of the State of Tennessee, but the state does not retain any risk for losses by this fund. Section 8-27-303, *TCA*, provides for the LEGIF to be self-sustaining through member premiums.

The primary government provides health insurance coverage through a commercial insurance provider. The county does not allow retirees to participate in the commercial insurance plan. Settled claims have not exceeded commercial insurance coverage for the past three fiscal years.

B. Accounting Changes

GASB Statement No. 101, *Compensated Absences*, became effective for the fiscal year ending June 30, 2025. This statement updates the recognition and measurement guidance for compensated absences under a unified model and amends certain previously required disclosures.

GASB Statement No. 102, *Certain Risk Disclosures*, became effective for the fiscal year ending June 30, 2025. This statement provides users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints.

C. Contingent Liabilities

The county has received various federal and state grants and other assistance for specific purposes that are subject to review and audit by grantor agencies. Such audits could result in reimbursements to the grantor agencies for expenditures disallowed under the terms of the grants. County management is not aware of any potential disallowances and believes that reimbursements, if any, would not be material.

The county is involved in several pending lawsuits. The county attorneys have not provided estimates of the potential claims not covered by insurance. However, management believes that any claims resulting from such litigation would not materially affect the county's financial statements.

D. Virtual Education Program

In July 2011, pursuant to Title 49, Chapter 16, Tennessee Code Annotated, the Union County Board of Education entered into a contract with K12 Virtual Schools, L.L.C. (K12). The contract provided for the creation and operation of a virtual education program called the Tennessee Virtual Academy, which enrolls students from Union County and other districts from across the state. Enrollment was approximately 2,680 students in kindergarten through ninth grade as of July 1, 2024.

The initial term of the agreement, which began July 1, 2011, terminated on June 30, 2014. However, the agreement is renewable, and the school board has since approved multiple extensions to the contract with the latest extending through June 30, 2026. K12 is responsible for providing educational products, as well as administrative and technology services according to the agreement. The Board of Education is responsible for setting program policies, budget adoption, and having final responsibility for regulatory compliance and financial reporting.

Revenues of the virtual education program totaled \$25,490,045 consisting of state Basic Education Program funds attributable to students enrolled in the program. The Board of Education retained an annual oversight fee of eight percent from the program's Basic Education Program revenues. The oversight fee retained during the year totaled \$2,039,204. K12's compensation under the agreement is equal to ninety-two percent of the program revenues. Total compensation payable to K12 for the year ended June 30, 2025, was \$23,450,841 which included \$36,588 used per agreement by the school department for local program expenditures. The program has been accounted for in a major special revenue fund of the school department titled Other Education Special Revenue Fund. The oversight fee (\$2,039,204) was transferred to the General Purpose School Fund and applied toward operations of the school department's traditional education program.

E. Joint Venture

The Eighth Judicial District Drug Task Force (DTF) is a joint venture formed by an interlocal agreement between the district attorney general of the Eighth Judicial District; Scott, Campbell, Fentress, Claiborne, and Union counties; and various cities within these counties. The purpose of the DTF is to provide multi-jurisdictional law enforcement to promote the investigation and prosecution of drug-related activities. Funds for the operations of the DTF come primarily from federal grants, drug fines, and forfeiture of drug-related assets to the DTF. The DTF is overseen by the district attorney general and is governed by the Board of Directors, including the district attorney general, sheriffs, and police chiefs of participating law enforcement agencies within each judicial district. Union County made no contributions to the DTF for the year ended June 30, 2025, and does not have any equity interest in this joint venture. Complete financial statements for the DTF can be obtained from its administrative office at the following address:

Administrative Office:

Office of District Attorney General Eighth Judicial District 411 Blue Top Road, Suite 2 Tazewell, TN 37879

F. Retirement Commitments

1. Tennessee Consolidated Retirement System (TCRS)

Primary Government

General Information About the Pension Plan

Plan Description. Most employees of Union County (County General Fund and EMS employees) are provided a defined benefit pension plan (Union County Plan) through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprised 100 percent of the plan membership. In addition, certain other county employees (highway department) and non-certified employees of the discretely presented Union County School Department are provided a defined benefit pension plan (Union County Schools Plan) through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprise 12.36 percent and non-certified employees of the discretely presented Union County School Department comprise 87.64 percent of the Union County Schools Plan based on contribution data. The TCRS was created by state statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained on the Tennessee Department of Treasury website.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available to vested members at age 55. Members vest with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions plus any accumulated interest.

Employees Covered by Benefit Terms. At the measurement date of June 30, 2024, the following employees were covered by the benefit terms:

Union County Plan:

Inactive Employees or Beneficiaries Currently Receiving Benefits	57
Inactive Employees Entitled to But Not Yet Receiving Benefits	276
Active Employees	127
Total	460
Union County Schools Plan:	
Inactive Employees or Beneficiaries Currently Receiving Benefits	107
Inactive Employees Entitled to But Not Yet Receiving Benefits	261
Active Employees	182
Total	550

Contributions. Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute five percent of salary. Union County makes employer contributions at a rate higher than the rate set by the Board of Trustees as determined by an actuarial valuation for the Union County Plan. For the year ended June 30, 2025, the employer contribution for the Union County Plan was \$337,852 based on a rate of 5.43 percent of covered payroll. The employer contribution to the Union County Schools Plan was \$360,647 based on a rate of 6.98 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Union County's state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contributions (ADC) and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Net Pension Liability (Asset)

Union County's net pension liability (asset) was measured as of June 30, 2024, and the total pension liability used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability as of the June 30, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25%

Salary Increases Graded Salary Ranges from 8.72%

to 3.44% Based on Age, Including

Inflation, Averaging 4%

Investment Rate of Return 6.75%, Net of Pension Plan

Investment Expenses, Including

Inflation

Cost of Living Adjustment 2.125%

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2024, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

	Percentage		
	Long-term		
	Expected	Percentage	
	Real Rate	Target	
Asset Class	of Return	Allocations	
U.S. Equity	4.88	% 31	%
Developed Market			
International Equity	5.37	14	
Emerging Market			
International Equity	6.09	4	
Private Equity and			
Strategic Lending	6.57	20	
U.S. Fixed Income	1.20	20	
Real Estate	4.38	10	
Short-term Securities	0.00	1	
Total		100	%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from Union County will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the net pension liability (asset) of Union County calculated using the discount rate of 6.75 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

	Current			
		1%	Discount	1%
		Decrease	Rate	Increase
Net Pension Liability (Asset)		5.75%	6.75%	7.75%
Union County Plan	\$	3,217,782 \$	639,212 \$	(1,401,883)
Union County Schools Plan		2,249,797	(5,188)	(1,873,513)

Pension Expense (Negative Pension Expense) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Expense (Negative Pension Expense). For the year ended June 30, 2025, the Union County Plan recognized pension expense of \$688,088 and the Union County Schools Plan recognized pension expense of \$577,844.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2025, Union County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Union County Plan:

	Deferred	Deferred
	Outflows	Inflows
	of	of
	Resources	Resources
Difference Between Expected and		
Actual Experience	\$ 1,354,912	\$ 51,539
Net Difference Between Projected and		
Actual Earnings on Pension Plan Investments	0	155,353
Changes in Assumptions	226,832	0
Contributions Subsequent to the		
Measurement Date of June 30, 2024 (1)	337,852	N/A
Total	\$ 1,919,596	\$ 206,892

(1) The amount shown above for "Contributions Subsequent to the Measurement Date of June 30, 2024," will be recognized as a reduction (increase) to net pension liability (asset) in the subsequent fiscal period.

Union County Schools Plan:

	Deferred Outflows of	Deferred Inflows of
	 Resources	Resources
Difference Between Expected and Actual Experience	\$ 629,060	\$ 64,004
Net Difference Between Projected and	,	,
Actual Earnings on Pension Plan Investments	0	180,630
Contributions Subsequent to the		
Measurement Date of June 30, 2024 (1)	 360,647	N/A
Total	\$ 989,707	\$ 244,634

(1) The amount shown above for "Contributions Subsequent to the Measurement Date of June 30, 2024," will be recognized as a reduction (increase) to net pension liability (asset) in the following subsequent fiscal period.

Allocation of Agent Plan Deferred Outflows of Resources and Deferred Inflows of Resources

		Deferred Outflows of Resources		Deferred Inflows of Resources
Primary Government School Department	12.36% 87.64%	\$	125,052 \$ 864,655	30,237 214,397
Total		\$	989,707 \$	244,634

Amounts reported as deferred outflows of resources, with the exception of contributions subsequent to the measurement date, and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

		Union
	Union	County
Year Ending	County	Schools
June 30	Plan	Plan
2026	\$ 422,028 \$	29,597
2027	633,001	537,919
2028	311,297	(89,911)
2029	8,522	(93,175)
2030	0	0
Thereafter	0	0

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

Payable to the Pension Plan

On June 30, 2025, Union County School Department reported a payable of \$94,319 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2025.

Discretely Presented Union County School Department - Non-certified Employees

General Information About the Pension Plan

Plan Description. As noted above under the primary government, certain employees of Union County and the non-certified employees of the discretely presented Union County School Department are provided a defined benefit pension plan (Union County Schools Plan) through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprise 12.36 percent and the non-certified employees of the discretely presented school department comprise 87.64 percent of the plan based on contribution data.

Discretely Presented Union County School Department - Certified Employees - Teacher Retirement Plan

General Information About the Pension Plan

Plan Description. Teachers of the Union County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan is closed to new membership. Teachers with membership in the TCRS after June 30, 2014, are provided with pensions through a legally separate plan referred to as the Teacher Retirement Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained on the Tennessee Department of Treasury website.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members are eligible to retire with an unreduced benefit at age 65 with five years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 60 or pursuant to the rule of 80. Members are vested with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than onehalf percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. Members who leave employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Teachers are required to contribute five percent of their salary to the plan. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing TCRS, the employer contribution rate cannot be less than four percent, except in years when the maximum funded level, approved by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions for the year ended June 30, 2025, to the Teacher Retirement Plan were \$195,132 which is three percent of covered payroll. In addition, employer contributions of \$61,632, which is one percent of covered payroll, were made to the Pension Stabilization Reserve Trust Fund to fund future pension costs. The employer rate, when combined with member contributions and the stabilization reserve trust funds, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities (Assets). On June 30, 2025, the school department reported a liability (asset) of (\$180,946) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The school department's proportion of the net pension liability (asset) was based on the school department's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2024, the school department's proportion was .253921 percent. The proportion as of June 30, 2023, was .270226 percent.

Pension Expense (Negative Pension Expense). For the year ended June 30, 2025, the school department recognized pension expense of \$147,955.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2025, the school department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Difference Between Expected and Actual				
Experience	\$	14,947	\$	55,592
Net Difference Between Projected and Actual		•		
Earnings on Pension Plan Investments		0		30,523
Changes in Assumptions		71,904		0
Changes in Proportion of Net Pension				
Liability (Asset)		11,679		35,628
LEA's Contributions Subsequent to the				
Measurement Date of June 30, 2024		195,132		N/A
Total	\$	293,662	\$	121,743

The school department's employer contributions of \$195,132, reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as a reduction (increase) to the net pension liability (asset) in the year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending	
June 30	Amount
2026	\$ (20,919)
2027	21,311
2028	(14,493)
2029	(14,326)
2030	426
Thereafter	4.788

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions. The total pension liability in the June 30, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72%
	to 3.44% Based on Age, Including
	Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Pension Plan
	Investment Expenses, Including
	Inflation
Cost of Living Adjustment	2.125%

Mortality rates are based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2024, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June

30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best- estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

	Percentage			
	Long-term			
	Expected		Percentage	
	Real Rate		Target	
Asset Class	of Return		Allocations	
U.S. Equity	4.88	%	31	%
Developed Market				
International Equity	5.37		14	
Emerging Market				
International Equity	6.09		4	
Private Equity and				
Strategic Lending	6.57		20	
U.S. Fixed Income	1.20		20	
Real Estate	4.38		10	
Short-term Securities	0.00	_	1	
Total		_	100	%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the school department's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.75 percent, as well as what the school department's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

School Department's	Current			
Proportionate Share of	1%	Discount	1%	
the Net Pension	Decrease	Rate	Increase	
Liability (Asset)	5.75%	6.75%	7.75%	
Net Pension Liability (Asset)	\$ 477,213 \$	(180,946) \$	(670,754)	

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Payable to the Pension Plan

On June 30, 2025, the Union County School Department reported a payable of \$58,735 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2025.

Discretely Presented Union County School Department - Certified Employees - Teacher Legacy Pension Plan

General Information About the Pension Plan

Plan Description. Teachers of the Union County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by LEAs after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained on the Tennessee Department of Treasury website.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 55. Members are vested with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservicerelated disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers are required to contribute five percent of their salaries. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by the Union County School Department for the year ended June 30, 2025, to the Teacher Legacy Pension Plan were \$702,566, which is 6.35 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability. Employer contributions to separately finance specific liabilities were 6.36 percent for the year ended June 30, 2025. The contributions to separately finance specific liabilities were related to employees who have returned to work under a TCRS Return to Work program which requires employer contributions.

Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liability (Assets). On June 30, 2025, the school department reported a liability (asset) of (\$5,858,233) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The school department's proportion of the net pension liability (asset) was based on the school department's long-term share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2024, the school department's proportion was .340029 percent. The proportion measured as of June 30, 2023, was .341229 percent.

Pension Expense (Negative Pension Expense). For the year ended June 30, 2025, the school department recognized pension expense of \$1,219,919.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2025, the school department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred	Deferred
	Outflows	Inflows
	of	of
	Resources	Resources
Difference Between Expected and Actual		
Experience	\$ 1,562,235 \$	0
Net Difference Between Projected and Actual		
Earnings on Pension Plan Investments	0	1,140,946
Changes in Proportion of Net Pension		
Liability (Asset)	58,943	55,512
LEA's Contributions Subsequent to the		
Measurement Date of June 30, 2024	 702,566	N/A
Total	\$ 2,323,744 \$	1,196,458

The school department's employer contributions of \$702,566 reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as a reduction (increase) to the net pension liability (asset) in the year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending	
June 30	Amount
2026	\$ (681,287)
2027	2,301,989
2028	(595,266)
2029	(600,715)
2030	0
Thereafter	0

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions. The total pension liability in the June 30, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded Salary Ranges from 8.72%
	to 3.44% Based on Age, Including
	Inflation, Averaging 4%
Investment Rate of Return	6.75%, Net of Pension Plan
	Investment Expenses, Including
	Inflation
Cost of Living Adjustment	2.125%

Mortality rates are based actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2024, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

	Percentage			
	Long-term			
	Expected		Percentage	
	Real Rate		Target	
Asset Class	of Return		Allocations	
U.S. Equity	4.88	%	31	%
Developed Market				
International Equity	5.37		14	
Emerging Market				
International Equity	6.09		4	
Private Equity and				
Strategic Lending	6.57		20	
U.S. Fixed Income	1.20		20	
Real Estate	4.38		10	
Short-term Securities	0.00	_	1	
Total		_	100	%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the school department's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.75 percent, as well as what the school department's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

School Department's		Current	
Proportionate Share of	1%	Discount	1%
the Net Pension	Decrease	Rate	Increase
Liability (Asset)	5.75%	6.75%	7.75%
			_
Net Pension Liability (Asset)	\$ 7,441,986 \$	(5,858,233) \$	(16,888,950)

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Payable to the Pension Plan

On June 30, 2025, the Union County School Department reported a payable of \$209,103 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2025.

2. Deferred Compensation

Teachers hired after July 1, 2014, by the school department are required to participate in a hybrid pension plan consisting of a defined benefit portion, which is detailed in the pensions footnote above and is managed by the Tennessee Consolidated Retirement System, and a defined contribution portion which is placed into the state's 401(k) plan and is managed by the employee. The defined contribution portion of the plan requires that the school department contribute five percent of each teacher's salary into their deferred compensation plan. In addition, teachers are required to contribute two percent of their salaries into this deferred compensation plan, unless they opt out of the employee portion. During the year, the school department contributed \$325,261 and teachers contributed \$195,883 to this deferred compensation pension plan.

G. Other Postemployment Benefits (OPEB)

Union County and the discretely presented Union County School Department provide OPEB benefits to their retirees through state administered public entity risk pools. For reporting purposes, the plans are considered single employer defined benefit OPEB plans based on criteria in Statement No. 75 of the Governmental Accounting Standards Board (GASB). The plans are funded on a pay-as-you-go basis and there are no assets accumulating in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75.

Union County primary government participates in the Tennessee Plan-Medicare (TNM), which provides supplemental medical insurance for retirees with Medicare. The Union County School Department provides healthcare benefits to its employees under the Local Education Plan (LEP) until they reach Medicare eligibility. Both certified and noncertified retirees of the school department may then join the Tennessee Plan - Medicare (TNM), which provides supplemental medical insurance for retirees with Medicare.

The county and school department's total OPEB liability for each plan was measured as of June 30, 2024, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the June 30, 2024, actuarial valuation of each plan was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method Entry Age Normal

Inflation 2.25%

Salary Increases Salary increases used in the July 1, 2021

TCRS actuarial valuation; 3.44% to 8.72%, including inflation

Discount Rate 3.93% Healthcare Cost Trend Rates LEP:

Based on the Getzen Model, with trend starting at 10.68% for pre-65 retirees in the 2024 calendar year, and decreasing annually over a 13-year

period to an ultimate trend rate of 4.5%

TNM:

The premium subsidies provided to retirees are assumed to remain unchanged for the entire projection; therefore, trend rates are not applicable

Retirees Share of Benefit Related Cost

Discussed under each plan

The discount rate was 3.93 percent, based on an average rating of AA/Aa as shown on the Bond Buyer 20-Year Municipal GO AA index closest to but not later than the measurement date.

Mortality rates were based on the results of a statewide experience study undertaken on behalf of the Tennessee Consolidated Retirement System (TCRS). These mortality rates were used in the July 1, 2024, actuarial valuation of the TCRS.

Unless noted otherwise, the actuarial demographic assumptions used in the June 30, 2024, valuations were the same as those employed in the July 1, 2022. Pension Actuarial Valuation of the Tennessee Consolidated Retirement System (TCRS). These assumptions were developed by TCRS based on the results of an actuarial experience study for the period July 1, 2016 - June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience. Mortality tables are used to measure the probabilities of participants dying before and after retirement. The mortality rates employed in this valuation for the primary government's TNM plan are taken from the PUB-2010 Headcount-weighted employee mortality table for general employees non-disabled preretirement mortality, with mortality improvement projected generationally with MP-2021 from 2010. Post-retirement rates are headcount-weighted below median healthy annuitant and adjusted with a 6 percent load for males and a 14 percent load for females, projected generationally with MP-2021 from 2010. Mortality rates for impaired lives are the same as those used by TCRS and are taken from a gender distinct table published in the IRS Ruling 96-7 for disabled lives with a 10 percent load, projected generationally from 2018 with MP-2021.

For the LEP and TNM (school department), pre-retirement mortality rates employed in this valuation are taken from the PUB-2010 Headcount-weighted Employee mortality table for Teacher Employees projected generationally with MP-2021 from 2010. Post-retirement tables are Headcount-weighted Teacher Below Median Healthy Annuitant and adjusted with a 19% load for males and an 18% load for females, projected generationally from 2010 with MP-2021. Mortality rates for impaired lives are the same as those used by TCRS and are taken from a gender distinct table published in the IRS Ruling 96-7 for disabled lives with a 10 percent load projected generationally from 2018 with MP-2021.

Changes in Assumptions. The discount rate changed from 3.65 percent as of the beginning of the measurement period to 3.93 percent as of the measurement date of June 30, 2024. This change in assumption decreased the total OPEB liability. Other changes in assumptions include adjustments to

initial per capita costs and health trend rates. The trend rate applicable to the 2024 plan year was revised from 10.31 percent to 10.68 percent.

Closed Tennessee Plan – Medicare (Primary Government)

Plan Description. Employees of Union County who were hired prior to July 1, 2015, are provided with post-65 retiree health insurance benefits through the closed Tennessee Plan - Medicare (TNM) administered by the Tennessee Department of Finance and Administration. All eligible post-65 retirees and disability participants of local governments, who choose coverage, participate in the TNM. The TNM also includes eligible retirees of the state, certain component units of the state, and local education agencies. However, the amounts reflected in this note disclosure pertain only to the Union County Primary Government. This plan is closed to the employees of all participating employers that were hired on or after July 1, 2015.

Benefits Provided. The state offers the TNM to help fill most of the coverage gaps created by Medicare for eligible post-65 retirees and disabled participants of local governments. Insurance coverage is the only postemployment benefit provided to retirees. The TNM does not include pharmacy. In accordance with TCA 8-27-209, benefits of the TNM are established and amended by cooperation of insurance committees created by TCA 8-27-201, 8-27-301 and 8-27-701. Retirees and disabled employees of the state, component units, local education agencies, and certain local governments who have reached the age of 65, are Medicare eligible and also receives a benefit from the Tennessee Consolidated Retirement System (TCRS) may participate in this plan. All plan members receive the same plan benefits at the same premium rates. Participating employers determine their own policy related to subsidizing the retiree premiums. Union County provides a direct subsidy of between \$25 and \$50 for eligible retirees depending on years of service.

Employees Covered by Benefit Terms. At the measurement date of June 30, 2024, the following employees were covered by the benefit terms:

Inactive Employees Currently Receiving Benefits	1
Inactive Employees Entitled To But Not Yet Receiving Benefits	5
Active Employees Eligible for Benefits	53
Total	59

In accordance with *TCA* 8-27-209, the state insurance committees established by *TCA* sections 8-27-201, 8-27-301 and 8-27-701 determine the required payments to the plan by member employers and employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. Administrative costs are allocated to plan participants. Employers contribute towards employee costs based on their own developed policies. For the fiscal year ended June 30, 2025, the county paid \$115 to the TNM for OPEB benefits as they came due.

Changes in the Total OPEB Liability - As of the Measurement Date

	Total
	OPEB
	 Liability
Balance July 1, 2023	\$ 54,516
Changes for the Year:	
Service Cost	\$ 2,223
Interest	2,066
Difference between Expected	
and Actuarial Experience	(2,344)

Balance June 30, 2024	\$ 53,749

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2025, the county recognized negative OPEB expense of (\$2,950). On June 30, 2025, the county reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred	Deferred
	Outflows	Inflows
	of	of
	 Resources	Resources
Difference Between Actual and		
Expected Experience	\$ 3,796	\$ 19,462
Changes of Assumptions	9,287	26,457
Benefits Paid After the Measurement Date		
of June 30, 2024	115	0
Total	\$ 13,198	\$ 45,919

Amounts reported as deferred inflows and deferred outflows of resources (excluding benefits paid after the measurement date) related to OPEB will be recognized in OPEB expense as follows:

Year Ending	
June 30	Amount
2026	\$ (7,239)
2027	(7,242)
2028	(4,126)
2029	(3,951)
2030	(5,465)
Thereafter	(4,813)

In the table shown above, positive amounts will increase OPEB expense while negative amounts will decrease OPEB expense.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following presents the total OPEB liability of the county calculated using the current discount rate, as well as what the OPEB

liability would be if it was calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate.

Discount Rate				
		1%	Discount	1%
		Decrease	Rate	Increase
		2.93%	3.93%	4.93%
				_
Total OPEB Liability	\$	63,049 \$	53,749 \$	46,119

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate. The premium subsidies provided to retirees in the TNM plan are assumed to remain unchanged for the entire projection period, therefore trend rates are not applicable to the plan calculations.

Closed Local Education (LEP) OPEB Plan (Discretely Presented School Department)

Plan Description. Employees of the Union County School Department who were hired prior to July 1, 2015, are provided with pre-65 retiree health insurance benefits through the closed Local Education Plan (LEP) administered by the Tennessee Department of Finance and Administration. All eligible pre-65 retired teachers, support staff, and disability participants of local education agencies, who choose coverage, participate in the LEP. This plan is closed to the employees of all participating employers that were hired on or after July 1, 2015.

Benefits Provided. The Union County School Department offers the LEP to provide health insurance coverage to eligible pre-65 retirees, support staff, and disabled participants of local education agencies. Retirees are required to discontinue coverage under the LEP upon obtaining Medicare eligibility. Insurance coverage is the only postemployment benefit provided to retirees. An insurance committee created in accordance with TCA 8-27-301 establishes and amends the benefit terms of the LEP. All members have the option of choosing between the premier preferred provider organization (PPO), standard PPO, limited PPO or the wellness health savings consumer-driven health plan (CDHP) for healthcare benefits. Retired plan members of the LEP receive the same plan benefits as active employees at a blended premium rate that considers the cost of all participants. This creates an implicit subsidy for retirees. Participating employers determine their own policy related to direct subsidies provided for retiree premiums. During the year, Union County School Department provided a direct subsidy ranging from \$83 to \$104 per month toward the cost of the insurance plan selected by the retiree. Retirees must have a minimum of 25 years of service to be eligible for this benefit. The state, as a governmental non-employer contributing entity, provides a direct subsidy for eligible retiree's premiums based on years of service. Retirees with 30 or more years of service will receive 45 percent; 20 but less than 30 years, 35 percent; and less than 20 years, 25 percent of the scheduled premium. No subsidy is provided for enrollees of the health savings CDHP.

Employees Covered by Benefit Terms. At the measurement date of June 30, 2024, the following employees were covered by the benefit terms:

Inactive Employees Currently Receiving Benefits	16
Inactive Employees Entitled To But Not Yet Receiving Benefits	1
Active Employees Eligible for Benefits	234
Total	251

A state insurance committee, created in accordance with TCA 8-27-301, establishes the required payments to the LEP by member employers and employees through the blended premiums established for active and retired employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. Administrative costs are allocated to plan

participants. Employers contribute towards employee costs based on their own developed policies. During the current reporting period, the school department paid \$163,703 to the LEP for OPEB benefits as they came due.

Changes in the Collective Total OPEB Liability - As of the Measurement Date

Balance June 30, 2024	\$	5,257,095 \$	2,364,469 \$	7,621,564

The Union County School Department has a special funding situation related to benefits paid by the State of Tennessee for its eligible retired employees participating in the LEP. The Union County School Department's proportionate share of the collective total OPEB liability was based on a projection of the employer's long-term share of benefit payments to the OPEB plan relative to the projected share of benefit payments of all participating employers and nonemployer contributing entities, actuarially determined. The school department recognized \$589,439 in revenue for subsidies provided by nonemployer contributing entities for benefits paid by the LEP for school department retirees.

During the year, the Union County School Department's proportionate share of the collective OPEB liability was 68.977 percent and the State of Tennessee's share was 31.023 percent.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2025, the school department recognized OPEB expense of \$1,987,954, including the state's share of the expense. On June 30, 2025, the school department reported deferred outflows of resources and deferred inflows of resources related to its proportionate share of OPEB from the following sources:

	 Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and		
Actual Experience	\$ 406,078	\$ 494,047
Changes in Proportion	363,887	185,210
Changes of Assumptions	754,963	305,172
Benefits Paid After the Measurement Date		
of June 30, 2024	 163,703	0
Total	\$ 1,688,631	\$ 984,429

The amount shown above for "Benefits Paid After the Measurement Date" will be recognized as a reduction to OPEB liability in the following fiscal period.

Amounts reported as deferred inflows and deferred outflows of resources (excluding benefits paid after the measurement date) related to OPEB will be recognized in OPEB expense as follows:

Year Ending	
June 30	Amount
2026	\$ 103,604
2027	103,604
2028	105,798
2029	131,806
2030	54,192
Thereafter	41,495

In the table shown above, positive amounts will increase OPEB expense while negative amounts will decrease OPEB expense.

Sensitivity of Proportionate Share of the Collective Total OPEB Liability to Changes in the Discount Rate. The following presents the school department's proportionate share of the collective total OPEB liability related to the LEP, as well as what the proportionate share of the collective total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current discount rate.

Discount Rate	Current					
		1%	Discount	1%		
		Decrease	Rate	Increase		
		2.93%	3.93%	4.93%

Closed Tennessee Plan – Medicare (Discretely Presented School Department)

Plan Description. Employees of the Union County School Department, who were hired prior to July 1, 2015, are provided with post-65 retiree health insurance benefits through the closed Tennessee Plan - Medicare (TNM) administered by the Tennessee Department of Finance and Administration. All eligible post-65 retired teachers and disability participants of local education agencies, who choose coverage, participate in the TNM. The TNM also includes eligible retirees of the state, certain component units of the state, and certain local governmental entities. This plan is closed to the employees of all participating employers that were hired on or after July 1, 2015. The school department's total OPEB liability for the TNM Plan was measured as of June 30, 2024, and was determined by an actuarial valuation as of that date.

Benefits Provided. The state offers the TNM to help fill most of the coverage gaps created by Medicare for eligible post-65 retired teachers and disabled participants of local education agencies. Insurance coverage is the only postemployment benefit provided to retirees. The TNM does not include pharmacy. In accordance with TCA 8-27-209, benefits of the TNM are established and amended by cooperation of insurance committees created by TCA Sections 8-27-201, 8-27-301 and 8-27-701. Retirees and disabled employees of the state, component units, local education agencies, and certain local governments who have reached the age of 65, are Medicare eligible and also receive a benefit from the Tennessee Consolidated Retirement System may participate in this plan. All plan members receive the same plan benefits at the same premium rates. Participating employers determine their own policy related to subsidizing the retiree premiums. The Union County School Department provides a subsidy of \$25 per month for support staff with 15 or more years of service. The state, as a governmental nonemployer contributing entity, contributes to the premiums of eligible retirees of local education agencies based on years of service. The State of Tennessee provides a subsidy of \$50 per month for retirees with 30 or more years of service, retirees with 20-29 years of service receive \$37.50, and retirees with 15-19 years of service receive \$25.

Employees Covered by Benefit Terms. At the measurement date of June 30, 2024, the following employees were covered by the benefit terms:

Inactive Employees Currently Receiving Benefits	37
Inactive Employees Entitled To But Not Yet Receiving Benefits	30
Active Employees Eligible for Benefits	273
Total	340
Total	340

In accordance with TCA 8-27-209, the state insurance committees established by TCA sections 8-27-201, 8-27-301 and 8-27-701 determine the required payments to the plan by member employers and employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. Administrative costs are allocated to plan participants. Employers contribute towards employee costs based on their own developed policies. For the fiscal year ended June 30, 2025, the school department paid \$5,412 to the TNM for OPEB benefits as they came due.

Changes in the Collective Total OPEB Liability - As of the Measurement Date

		Share of Collective I		
	1	Union County	State of

The Union County School Department has a special funding situation related to benefits paid by the State of Tennessee for its eligible retirees participating in the TNM. The Union County School Department's proportionate share of the collective total OPEB liability was based on a projection of the employer's long-term share of benefit payments to the OPEB plan relative to the projected share of benefit payments of all participating employers and nonemployer contributing entities, actuarially determined. The school department recognized (\$8,108) in revenue for subsidies provided by nonemployer contributing entities for benefits paid by the TNM for school department retirees.

During the year, the Union County School Department's proportionate share of the collective OPEB liability was 23.1907 percent and the State of Tennessee's share was 76.8093 percent.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2025, the school department recognized negative OPEB expense of (\$63,051) including the state's share of the OPEB expense. On June 30, 2025, the school department reported deferred outflows of resources and deferred inflows of resources related to its proportionate share of OPEB from the following sources:

	Deferred	Deferred
	Outflows	Inflows
	of	of
	 Resources	Resources
Difference Between Expected and		
Actual Experience	\$ 5,883	\$ 65,424
Changes in Proportion	132,751	240,130

Collective Total OPEB											
Liability	\$	197,987 \$	171,429 \$	149,560							

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate. The premium subsidies provided to retirees in the TNM plan are assumed to remain unchanged for the entire projection period, therefore trend rates are not applicable to the plan calculations.

H. Office of Central Accounting, Budgeting, and Purchasing

Union County operates under the provisions of the County Financial Management System of 1981. This act provides for a central system of accounting, budgeting, and purchasing for all county departments. The act also provides for the creation of a finance department operated under the direction of the finance director.

I. Purchasing Law

The County Financial Management System of 1981 provides for the finance director or a deputy appointed by the director to serve as the county purchasing agent. Purchases of \$50,000 and greater are required to be competitively bid for all departments.

J. Subsequent Event

On August 22, 2025, Union County issued \$9,700,000 in general obligation bonds for school construction.

UNION COUNTY, TENNESSEE NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION

For the Year Ended June 30, 2025

TENNESSEE CONSOLIDATED RETIREMENT SYSTEM

Valuation Date: Actuarially determined contribution rates for fiscal year 2025 were calculated based on the June 30, 2023, actuarial valuation.

Methods and assumptions used to determine contribution rates:

Primary Government - General Fund and EMS; Primary Government - Highway Department and School Department - Noncertified Employees

Actuarial Cost Method Entry Age Normal

Amortization Method Level Dollar, Closed (Not to Exceed 20 Years)

Remaining Amortization

Period Varies by Year

Asset Valuation 10-Year Smoothed Within a 20%

Corridor to Fair Value

Inflation 2.25%

Salary Increases Graded Salary Ranges from 8.72% to

3.44% Based on Age, Including Inflation,

averaging 4%

Investment Rate of Return 6.75%, Net of Investment Expense,

Including Inflation

Retirement Age Pattern of Retirement Determined by

Experience Study

Mortality Customized Table Based on Actual

Experience Including an Adjustment for

Some Anticipated Improvement

Changes of assumptions. In 2021, the following assumptions were changed: decreased inflation rate from 2.5 percent to 2.25 percent; decreased the investment rate of return from 7.25 percent to 6.75 percent; decreased the cost-of-living adjustment from 2.25 percent to 2.125 percent; and modified mortality assumptions. In 2017, the following assumptions were changed: decreased inflation rate from 3 percent to 2.5 percent; decreased the investment rate of return from 7.5 percent to 7.25 percent; decreased the cost-of-living adjustment from 2.5 percent to 2.25 percent; decreased salary growth graded ranges from an average of 4.25 percent to an average of 4 percent; and modified mortality assumptions.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Drug Control Fund – The Drug Control Fund is used to account for revenues received from drug-related fines, forfeitures, and seizures.

Other General Government Fund – The Other General Government Special Revenue Fund is used to account for financial resources and expenditures relating to the American Rescue Plan Act.

Other Special Revenue Fund – The Other Special Revenue Fund is used to account for transactions related to opioid lawsuit settlement funds.

Constitutional Officers - Fees Fund – The Constitutional Officers - Fees Fund is used to account for operating expenses paid directly from the fee and commission accounts of the trustee, clerks, register of deeds, and sheriff.

CAPITAL PROJECT FUNDS

Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Community Development/Industrial Park Fund – The Community Development/Industrial Park Fund is used to account for capital projects related to industrial development.

CUSTODIAL FUNDS

Custodial Funds are used to account for assets held by the county in a custodial capacity or as an agent for individuals, private organizations, and other governments. Custodial Funds are reported using the economic resources measurement focus and the accrual basis of accounting. Custodial fund reporting focuses on net position and changes in net position. Custodial funds are distinguished from trust funds by the absence of a trust agreement or equivalent arrangement.

Cities - Sales Tax Fund - The Cities - Sales Tax Fund is used to account for the second half of the sales tax revenues collected inside incorporated cities of the county. These revenues are received by the county from the state of Tennessee and forwarded to the various cities on a monthly basis.

Constitutional Officers - Custodial Fund - The Constitutional Officers - Custodial Fund is used to account for amounts collected in a custodial capacity by the county clerk, circuit and general sessions courts clerk, clerk and master, register of deeds, and sheriff. Such collections include amounts due the state, cities, litigants, heirs, and others.

UNION COUNTY SCHOOL DEPARTMENT

This section presents combining and individual fund financial statements for the Union County School Department, a discretely presented component unit. The school department uses a General Fund, four Special Revenue Funds, and a Capital Projects Fund.

General Purpose School Fund – The General Purpose School Fund is used to account for general operations of the school department.

School Federal Projects Fund – The School Federal Projects Fund is used to account for restricted federal revenues, which must be expended on specific education programs.

Central Cafeteria Fund – The Central Cafeteria Fund is used to account for the cafeteria operations in each of the schools.

Other Education Special Revenue Fund – The Other Education Special Revenue Fund accounts for revenues and expenditures of the virtual education program.

Internal School Fund – The Internal School Fund is used to account for funds held at the individual schools for internal school use such as the purchase of supplies, school clubs, and student activities.

Education Capital Projects Fund – The Education Capital Projects Fund is used to account for funding for building construction and renovations of the school department.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities Discretely Presented Union County School Department For the Year Ended June 30, 2025

Amounts reported for governmental activities in the statement of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit I-4)									
(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows: Add: capital assets purchased in the current period Less: current-year depreciation expense	\$ 12,492,234 (1,289,025)	11,203,209							
(2) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Add: deferred delinquent property taxes and other deferred June 30, 2025 Less: deferred delinquent property taxes and other deferred June 30, 2024	\$ 232,033 (220,587)	11,446							
(3) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds. Change in compensated absences Change in OPEB liability Change in net pension liability/asset Change in deferred outflows related to pensions Change in deferred inflows related to OPEB Change in deferred inflows related to OPEB	\$ 20,804 (1,319,239) 2,359,123 (2,039,854) (965,720) 228,348 (83,566)	(1,800,104)							
Change in net position of governmental activities (Exhibit B)		\$ 1,883,591

SINGLE AUDIT SECTION

Jason E. Mumpower Comptroller

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Union County Mayor and Board of County Commissioners Union County, Tennessee

To the County Mayor and Board of County Commissioners:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Union County, Tennessee as of and for the year ended June 30, 2025 and the related notes to the financial statements, which collectively comprise Union County's basic financial statements, as listed in the table of contents, and have issued our report thereon dated August 26, 2025. Our report includes a reference to other auditors who audited the financial statements of the Internal School Fund of the discretely presented Union County School Department, as described in our report on Union County's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Union County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Union County's internal control. Accordingly, we do not express an opinion on the effectiveness of Union County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Union County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Union County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Very truly yours,

Jason E. Mumpower Comptroller of the Treasury Nashville, Tennessee

Jason E. Mumpower

Comptroller

Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Union County Mayor and Board of County Commissioners Union County, Tennessee

To the County Mayor and Board of County Commissioners:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Union County's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Union County's major federal programs for the year ended June 30, 2025. Union County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Union County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Union County, Tennessee, and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Union County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Union County's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Union County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for noncompliance resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Union County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Union County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Union County's control over compliance relevant to the audit in order to
 design audit procedures that are appropriate in the circumstances and to test and report on internal
 control over compliance in accordance with the Uniform Guidance, but not for the purpose of
 expressing an opinion on the effectiveness of Union County's internal control over compliance.
 Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal

control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Union County, Tennessee, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Union County's basic financial statements. We issued our report thereon dated August 26, 2025, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Very truly yours,

Jason E. Mumpower Comptroller of the Treasury

Nashville, Tennessee
