

Union County Opioid Settlement Funding Grants

Announcement of Funding

Due to the extensive damage and loss of life caused by the opioid crisis that was brought on by the unethical and over-prescribing of opioid medications, the state of Tennessee will be receiving over \$1 billion over 18 years in settlement funds from several large corporations. Union County has been allocated a portion of these funds, which will be received in annual payments. The County has established the Union County Opioid Abatement Board to oversee the spending of these funds to ensure they are used to remediate the opioid crisis and save lives. The Board will invite community organizations to apply for these funds annually.

Availability of Funds

The selection process for funding will utilize a competitive process, and the number of awards will be dependent on the amount of funds available for annual allocation. The amount of funds available and dates of application submissions and awards will differ annually.

Eligibility

Applications will be accepted from any organization that serves residents of Union County but will only be distributed to those that provide services that fall within the approved remediation uses set forth by the TN Opioid Abatement Council, listed below in Allowable Uses of Funds and outlined in [Exhibit E](#). If an applying organization is located outside of Union County, funds will only be awarded to that organization if they are used to serve Union County residents. The Union County Opioid Abatement Board will dispense funds in accordance with all applicable rules and regulations that counties must adhere to when allocating funds to community organizations.

Selection and Award Process

The Union County Opioid Abatement Board will review and score all applications received. The board will consider scores and along with other factors to make funding decisions. These factors may include county priorities, community needs, funds available, cost-effectiveness, and federal and state regulations. If the total amount requested is higher than the total amount available for distribution, applicants may be contacted to discuss possible project and/or budget revisions.

Awarded funds cannot be used for administrative or indirect costs. Activities must meet the definition of opioid remediation, be evidence-based strategies or promising practices, and align with the core strategies and

allowable uses outlined by [Exhibit E](#). The Tennessee Opioid Abatement Council (TN OAC) adjusted Exhibit E into the [Remediation List Strategies](#). Organizations will be asked to use this document when applying and for reporting purposes if funded. Core strategies include:

- Naloxone or other FDA-approved drugs to reverse opioid overdoses
- Medication-assisted Treatment (MAT) distribution and other opioid-related treatment
- Address the needs of pregnant and postpartum women
- Expanding treatment for Neonatal Abstinence Syndrome (NAS)
- Expansion of warm hand-off programs and recovery services
- Treatment for incarcerated population
- Prevention programs
- Expanding syringe service programs
- Evidence-based data collection and research analyzing the effectiveness of the abatement strategies within the state

Requirements if Awarded Funding

Organizations awarded funding are required to:

- Utilize funds within the defined funding period as agreed upon in the contract. If those funds are not used as agreed in the contract the applicant may:
 - Return any remaining funds to the Union County Opioid Abatement Board at the end of the funding period, OR
 - Request an extension to use the funds past the funding period, OR
 - Request an amendment to their current contract to use the remaining funds for additional strategies
- Ensure utilization of funds supplements, rather than supplants, existing funding
- Ensure all funds are used in alignment with remediation uses approved by the TN Opioid Abatement Council as described above
- Ensure funds are not used for administrative or indirect costs
- Provide data on program outputs, outcomes, impact, and effectiveness as determined by the Union County Opioid Abatement Board
- Complete and submit required quarterly and annual reports to the county

Reporting Requirements

Organizations should provide **quarterly progress reports** to Union County Opioid Abatement Board starting *14 days after the first project quarter*. The reports must outline the following:

- Staff working on the project
- Community partners involved with the project
- Challenges and barriers experienced within the associated timeframe
- Successes experienced within the associated timeframe
- Anticipated next steps
- Strategies addressed
- Number of Union County residents served with settlement funding
- All project-specific metrics determined by the Union County Opioid Abatement Board

An **annual report** is to be provided following project close and/or no later than *30 days after project close* if an alternative start date is agreed upon.
